Finally, on motion of Mr. Disney, its further consideration was postponed until Tuesday next. Its friends are confident of carrying it thro' then by a considerable majority, and the reason of tions for Lands from a hundred different quarters and for as many different objects, and that the members urging them make common cause together. The bill will be resisted however, as well by those who are opposed to the whole system of Land Grants, as by those who, favoring the system, still think that Government aid to such enterprizes aught to be granted on fair and equitable principles. The bill in question donates, ostensibly to the State of Wisconsin, but in reality to the Rock River Union Valley R. R. Company, two and a half millions of the Public Land within the State, to build a road, from Janesville via Madison, to the Falls of the St. Oreix, and Lake Superior. Waiving, for the moment, all question as to the general policy of large Land Grants to Rail Road, or other corporations, the special objection to this particular bill is, that it favors one company at the expense and to the exclusion of other and competing ones, and ap propriates the lands in our state to build up the commercial metropolis of Illinois. It is a further and strong objection to the measure that the company thus selected as the recipient of Government favors and the trustee of a great landgrant, does not deserve the one and is not a safe

depository for the other. This bill, however, and all other matters before Congress, are dwarfed and overshadowed, just the power of those who had had the managemen now, by the Nebraska question and the great debate which has sprung up and is now in full to commit the same error again. FIRE ON SATURDAY NIGHT .- At about 11/2 o'clock on Saturday night the alarm of fire was given, and was found to proceed from the barn belonging to GEO. E. H. Day, on the hill in the 4th ward. It was entirely destroyed; the distance being such that the engines could not reach the place in time to save it. ANOTHER-INCENDIABISM .- Some persons re

turning from the fire on Saturday night, discovered a pile of straw, &c., burning by the side of the dock, near the rear of our office, evidently set with the intention of destroying a shed ware house owned and occupied by Ludington & Gridley. It was speedily extinguished without doing any damage. THE SOCIAL ORCHESTRA, for Flute or Violin;

GLEANINGS FROM THE MAILS.

WHOLESALE MURDERS! Two men shot, and another Hung by the People.

From the Ripon (Fond du Las Co.) Herald Feb. 29. WHOLESALE KILLING.

We just learn of death and destruction by wholesale, on the Indian lands in the neighbor-level of Big Prairie, between Berlin and Steven's Point. The facts, as we are informed, are thesa.—Last fell Mr. Frederick Cartwaiter, formerly of Delaware county, state of New York, was arrested for the munder of a Mr. Furman. The act of last fall was the result of law difficulties tatween Cartwaiter and Frenan; Cartwaiter The act of last fall was the result of law difficulties tatween Cartwaiter and Escarses; Cartwaiter and Escarses and Linder our laws of last winter abolishing cipital punishment, Cartwaiter was admitted to bail, and was at home. Some of his neighbors who had taken sides against him in his difficulties, decaning the law insufficient to meet their views, undertook to drive him from the country, or as is alleged, to get him out of the way dead or after. Two men, on Saturday last, made some assaults again Cartwaiter's premises in which Cartwaiter fired a pistol immediately killing one of the assaulting party. The remaining one drew mon the premises the body of his dead commade and them made several alterapts to fire the bailding. The wife of Cartwaiter to him and soften the man We just learn of death and destruction by

lade and then made several intempts to fire the hailding. The wife of Carrymour extinguished the finnes several times, and as often the man returned to his purpose, mit! Carrymour put a stop to the meter by firing another pistol and falally monaling the remaining assailant.

During Sunday the neighborhood was aroused and attempts made to get hold of Cartwright for the purpose of Lyaching him, but by the aid of friends Cartwright succeeded in keeping them off until Monday when he was seized by about one hundred men and summarily hung until dead.

Our informant could give mone of the particulars of the last scene, and we may be wrongly informed upon some points, but of the leading features of the transaction there is no doubt. Words of TRUTH AND SOBERNESS .-- Senator SUMNER said, in his recent speech;

I am unwilling to admit, Sir, that the prohibi-tion of Siavery in the territories is in any just some an infringement of the local sovereignty. Siavery is an infraction of the immutable law of nature, and, as such, cannot be considered a of nature, and, as such, cannot be considered a natural incident to any sovereignty, especially in a country which has solemnly declared, in its Declaration of Independence, the inalicable right of all men to life, liberty, and the pursuit of happiters. In an age of civilizatio, and in a land of rights, Slavery may still be telerated in fact; her its prohibition, within a numicipal jurisdiction by the government thereof, as by one of the States of the Union, cannot be considered an infraction of natural right; nor can its prohibition by Congress in the territories be regarded as an infringement of the local sovereignty. The asserted right to make a slave is against natural right, and can be no just element of sovereignty. The prohibition of slavery in the Territory of Nebrasika stands on grounds of adamant, upheld by constant precedent and time-honored compact. It is now in your power to overturn it; you may

by constant precedent and time-honored compact. It is now in your power to overturn it; you may remove the sacred land mark; and op n the whole rast domain to slavery. To you is committed this great prerogative.

Our fathers, on the eve of the revolution, set forth in burning words, among their grievances, that George III. "in order to keep a market where men should be bought and sold, had prestited this agentic for suppressing eyers herish. where new should be obught an action, has him the third his negative for suppressing every height-tive attempt to prohibit or restmin this execuble commerce." Sir, like the English monarch you may now prostitute your power to this same purpose. But you cannot escape the judgment of the world, nor the doom of history.

THE MAINE U. S. SENATOR.—The State of Maine, a democratic paper published at Portland, thus speaks of the influences of the Nebraska bill on the democratic party in the Legislature of that State :
We understand, from unquestionable authority.

We understand, from unquestionates authority, that the vote in the Legislature of Mains, in the choice of a Unitid States Senator, was very largely influenced by the position of the Nebrasia bill, now pending before Congress. In fact, this question very naturally and very properly absorbs or overrides the ordinary topics of party warface, and is soon to be made a leading ques-tion, if not the great question of the day. On this matter Mr. Fessenden was known to occupy so doubtful position, but was heartily and resol-utely committed against the breaking up or disturbance of the Missouri Compromise. On the other hand, Mr. Morrill hesitated or declined to other hand, Mr. Morrin hashated or deciment to commit himself against it. In common with many of the democratic politicians of the North, Mr. Morrill was "debious" on the queetion. Every democrat in the Legislature, who was op-posed to the Nebraska bill as now presented, de-fined himself by voting for Mr. Fessenden.

The Sandusky Mirror says, "there is a very gloomy prospect for a next year's crop in Ohio. We have received authentic information from various sources along the line of our Railronds, which state the wheat of last falls sowing to be almost entirely 'winter killed.' This is particularly unfortunate now, when there is likelihood of a large fareign demand, and to supply which a good portion must be raised in Ohio. Farmers are already beginning to think of sowing their ground with spring wheat."

The tunnel through the Alleghany mountains, which has just been completed on the line of the Pennsylvania Central railroad, is 3612 feet long, 2865 feet of which is arched, and 927 is cut through the solid rock, where arching is unnecessary. The sides of the arch, to a height of 8 feet, are built of cut stone, 22½ inches thick, resting on aboutments of rock range work; the crown consists of five courses of hard burnt brick, laid in lydraulic cement.

QUEEN'S PATENT

PORTABLE FORGE ABD BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimmer by a Figs.

There are not rices of Blacksmiths, Coppersuniths, &c. Forgus, and fire stress of Jewelers, Bentiers and Chemlets. It is compact—the Twice from to a superior construction—heats the iron in the quickest manner—the wind escapes from the heats chamber through several ludes in the Twier cap, which being under the fire, prevents the Twier cap, which being under the fire, prevents the Twier from getting filled up with cost and astres, as it will where there is but one opening. For our-door work and for safety ind-doors, this Forge has great advantages over others, having two Shides by which the large can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentitis and for chemical operations) all the future from charcoal and actin being conducted through the smoke-pipe, or when open they are entirely out or the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylindar under the fire hed.

It is the best Forge for Contractors on Railroad Ag Pablic Works, (for making repairs on the same,) and ofte mitgration to new countries, ever offered to the public, and are successfully used by mast of the Sectioners and also by the U.S. Army and Nay.

DR. URBAN'S ANTI-BACCHANALIAN ELIXIR: A Safe and Sure Remedy for the Cure of

This not in the least injurious to the system. It is peasant to the trate, and will cure the hardest cases of intersperance. We warrent it, in all cases, if taken according to directions. It destroys the deare for all wrient spirits when activity taken according to directions, and will restore the individual to the same state of solvinty in which he was before he over drank a drop of the ardest, and in will not have the least dailer for itutioisting drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedly is the disease developed, and to such the Silver is presented as the balm of Gibend—the oil of consolation, peace and perfect restoration.

INTEMPERANCE.

Gliend—the oil of consolation, peace and perset results.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomesh to an shalthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this disease form, reason is measurably detheroned, the will to a certain extent becomes ungovernable, until often, last many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so repully proving their bone, they cannot, unabled, and no sid has ever been tendered such, with success, until the discovery of Dr. Urban's over or briting Auti-Baschanalian Elizer; since which time none are left without excuse, as the means necessary to destroy

thre known.

The Andi-Bacchanalian is neatly put up and labelled, with full directions accompanying each totale. Price
St yer bottle. On the receipt of the above zum it will be
seut, free of charge, to any part of the United States. All
letters to be prepaid. To be had from all the principal
Druggists in the United States.

IRBAN & DIDLAKE, 35 Third Street,
Loubrille, Ky.

It cures, when tales according to directions, in TWEN-TY MINUTES, leaving no Fever afforthe Chill; very seldom requiring more than ONE DOSE to make a PERMANNENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has nover, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or test, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has supersected all other preparations wherever it has been introduced.

Read what the Falliers of the Louisville Domograf say. Read what the Editors of the Louisville Democrat say

Read what the Edibors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chilis and favor has effected some wonderful cures in our own mids." A young man who has resided for several years in Louisians, reashed New Albuny a few weeks since, weak and omaciated—likerally worn out physically, with long continued chilis and favor. He made a short stay at the home of Judge Smith, where his old disease continued with uo less severity than at home in Louisians. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's colebrated niedcine, and after taking two powders was entirely relieved and restored to health. Be has been well ever since—says his health has not een ag ond for several years, and is now fast regalating his former vigor and the rosy checks in the wanning-tween Depot, 55 firld St. between Main and Market, Louisille Ky, witholessic and retail.

"TO on the receipt of St the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

CURTIS & PERKINS, DRUGGISTS,

Messra, J., Curtis, Jr., & Co.—Gentlemes,
I have a word to say to you, in favor of Hunter's Cough
Syeup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and overy bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so twortbly in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a scated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his ourse. I have given it to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, now wholly for your benefit, but for the benefit of suffering humanity.

For about eight years I have been severely affice-d with the Astma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting; what rest I could sitting to my chair. My difficulty of breathing, as d my sufficiently, were so great at times, that for bours targether my friends expected each hone would be my last. During the pest six years I have had the nid and stendance of some of the most celebrated physicians, tur have received no permanent barefit, and but little wids. I at length had the good fortime to procure Dr. Cuttiva flygeans or Inhabiling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violant attacks, and was in great distress, almost suffering for wast of breath. In less than ten minutes from the time I papilled the lanker to my stome brand brais it aspoonful of the Gherry Syrup. I westerlieved in a great measure from the difficulty of breathing, and had a comfortable fiber from the difficulty of breathing, and had a comfortable bettell, and am now comparatively well.
